Job Description

Residential Clinician

Name:

Department: **Administration**

Wage Classification: **Exempt**

Date of Preparation:

Title: **Residential Clinician**

Status: **Full-Time**

Supervisor: **Associate Director**

Position Summary:

The Residential Clinician is responsible for performing office work related to matters of significance to the agency. The Residential Clinician will coordinate, implement and supervise all aspects of treatment operations for the agency's customers including its clients, family members and referral agents. This position shall be responsible for the compliance of all treatment records in accordance with Medicaid regulations and accreditation standards. This position will act as the agency Health Insurance Portability and Accountability Act (HIPAA) Security Officer and oversee safeguards to ensure the privacy of our clients' protected health information. In addition, this position requires regular on-call supervision of the agency's programmatic operations and will require the exercise of discretion and independent judgment. All duties are carried out in accordance with BBH' policies and procedures, mission, values and philosophy of care. This position may be required to provide direct care in the cottage as needed. The Residential Clinician assumes additional duties as assigned and may have responsibilities altered during the course of employment. The Residential Clinician reports directly to the Associate Director.

Essential Functions of the Position:

- Facilitate active and ongoing communication with all members of client's service team.
- Facilitate treatment planning and implementation through case management and other mental health rehabilitation services.
- Supervise treatment plans, treatment plan reviews, and discharge plans in accordance with set time-lines.
- Attend weekly meetings with supervisor and licensed clinical staff.
- Coordinate completion and review of all required documentation with licensed clinical staff.
- Provide individual, group, and family therapy as indicated on client's treatment plan and complete/submit billing documentation on day of service.
- Maintain and audit all clients' records to ensure Medicaid, state and accreditation requirements.
- Complete consumer medical record documentation and other required forms for each service provided, billable and non-billable, and incidents.
- Understand and comply with all agency policies, procedures, plans, program requirements and protocols.
- Encourage family members/ clients/ treatment team members to be active participants in the service planning and delivery process.
- Participate in required agency trainings and meetings.
- Complete analysis and reports regarding outcomes and follow up on clients after discharge.
- Assist children and families in accessing support within home, school and community.
- Actively track and report assessments, service plans and reviews on a quarterly and annual basis and ensure all team members are current with detailed case information.

- Ensure completion and data collection of client, family, referral source satisfaction surveys.
- Ensure consumer confidentiality as prescribed by agency policy and federal law.

Position Requirements

Education/Experience: In accordance with State of Alaska residential care licensing regulations, the Residential Clinician must be at least twenty-one years of age. Additionally, the Residential Clinician must hold a Masters' Degree in psychology, counseling, or social work, or in a closely related field as identified by inclusion of significant coursework in psychology, child development and related studies and have one year experience working with emotionally disturbed children/adolescents, including case management experience; or six years experience working with emotionally disturbed children/adolescents, including case management experience and the ability to obtain license in filed within 3 years of hire. Knowledge in psycho-educational skill building, cognitive and reality based therapies, sexual abuse and neglect, and family skill building is preferred.

Licensure: All employees of BBH must meet and maintain all statutory, regulatory and licensing requirements of the Department of Health and Social Services (DHSS) and Federal Medicaid standards. It is the responsibility of the employee to notify BBH immediately if they no longer meet requirements. All information regarding these requirements can be located at the DHSS website. (www.hss.state.ak.us) Mental Health Professional licensure requested within 3 years of hire.

Knowledge, Skills & Abilities

- The Residential Clinician must have a passion to work with emotionally disturbed children/adolescents and their families.
- Must align with agency mission and philosophy
- Must have sound clinical and therapeutic skills and the ability to accurately document events, provide detailed records for consumers and work with a multi-disciplinary team.
- Knowledge of psychiatric diagnosis and assessment techniques.
- Knowledge of child/adolescent development.
- Knowledge of statistical analytical methods and measurement tools to implement and monitor a quality assurance program.
- Possesses excellent written and oral communication skills.
- Possesses excellent conflict resolution & problem solving skills.
- Possesses information technology skills required to use agency equipment to carry out position functions.
- Ability to function on an interdisciplinary team.
- Ability to work independently in situations that involve interpersonal relationships in a job setting.
- Ability to work calmly during a crisis or dangerous situation.
- Ability to work in an environment involving frequent changes of tasks, using different techniques, procedures, working conditions, or degrees of attentiveness without loss of efficiency or composure.
- Ability to perform independent actions and exercise sound judgment according to BBH' standards without frequent supervision.
- Must be efficient, and able to multi-task.
- Must be able to read, write, and speak English.

- Ability to gain knowledge and understanding of all agency protocol, policies, procedures, plans and program requirements.
- Ability to complete assessments, treatment planning, and parent training; advocacy skills and case management skills are also required.
- Excellent time management, organizational skills, and computer skills are also necessary qualifications.
- Must demonstrate and display an understanding and sensitivity to serving a culturally diverse and/or special needs population.
- Must possess a clean driving record and have a valid state of Alaska driver's license, a valid certificate of insurance and current auto registration.
- Active and current working knowledge of accreditation and Medicaid regulations.
- Must be able to pass a state and federal background check.

Physical Requirements

- Ability to perform sedentary work as well as to be engaged in physical exercise with customers such as running, walking, hiking, etc.
- Visual acuity necessary to utilize a computer monitor throughout the course of a normal workday.
- Ability to perform repetitive keyboarding activities and operate general office equipment.
- Ability to communicate verbally, both in person and over the telephone.
- Ability to lift, pull, push and handle objects up to 50 pounds.

Supervision of Others

This position provides clinical supervision to Treatment Counselors.

Driving Requirements

- Must be able to drive.
- Have a reliable vehicle.
- Have a valid certificate of insurance for driving a personal vehicle for transportation between various locations within the Anchorage area.

Core Values

INTEGRITY: We recognize that in all of our activities and decisions we must place our professional responsibilities over our personal interests.

QUALITY: We recognize that every service that we provide should be completed to the best of our abilities and resources.

SAFETY: We recognize the importance of providing a safe environment for both our clients and our employees.

ACCOUNTABILITY: We recognize the need to be good stewards of resources that God has provided to us.

SPIRITUALITY: We recognize that all people have Spiritual needs and we encourage, but do not require, each client to grow in their relationship to and daily walk with Jesus Christ.

Philosophy of Care

- Student behaviors are viewed as symptoms *-they are not done on purpose*
- Treatment is complex *-there needs to be a balance between flexible and rigid*
- Student's need predictability of environment and people
- Treatment is something done *with* a student, not *to* the student
- When students succeed, staff succeed
